- The Digital Court web application can be accessed using the following link-
  - **https://digital.ecourts.gov.in/judges_v2/**

# Accessing the application

**The Judge can log-in into the system with Parichay using official e-mail ID.**
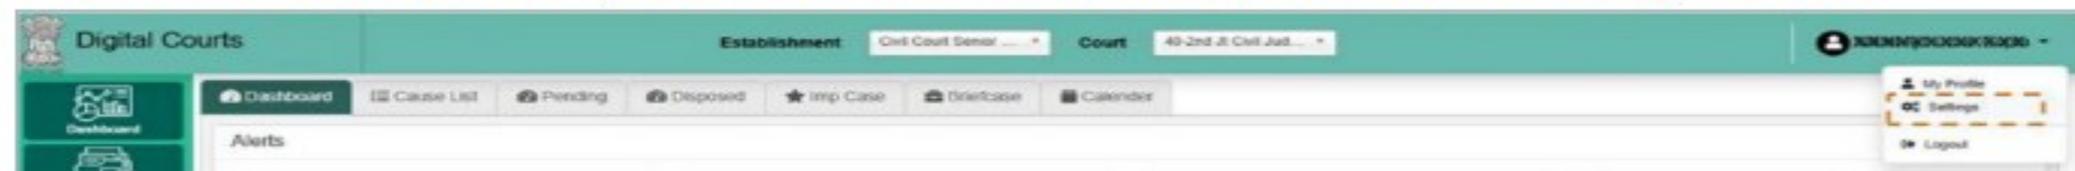

Upon successful login, the dashboard tab is displayed.

The following menu options are available in the system. The menu options can be accessed on the left side of the dashboard.

1. **Dashboard** – Overall status of the cases
2. **Paperless Court** – Enables searching of individual cases and viewing of all the uploaded documents including e-filed documents, chargesheets, interim orders and final order/ Judgements in pdf format. Facility is provided to add annotations to the document as notes.
3. **Dictation of Order/ Judgement/ Deposition** – Enables dictation of interim orders, judgements, deposition using voice to text facility in English or 8 other Indian languages. Readymade templates are provided to download the draft documents.
4. **Translation of Order/ Judgement/ Deposition –** Facility for translation of the typed/ dictated order into English or other Indian languages.
5. **eSCR/ Judgement Search** – Facility to search eSCR and High Court judgements is provided along with features to mark judgments as important and adding notes to the judgement.
6. **IMP Judgements** – All the judgements marked as important are listed here.
7. **Helpdesk** – a centralized support feature designed to assist users in resolving issues.

Various colour themes are provided to customise the interface under 'Settings' menu.
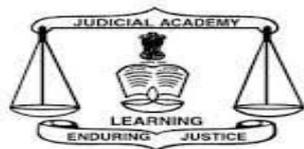

# HELPDESK

- **Ticket-based helpdesk module is provided to ensure a structured support system.**
- **Queries, issues, or request is logged as a "ticket" in the application**
- **Each ticket will contain details such as the problem description, user information, priority level, and status.**
- **Ensures Support teams to track, assign, and resolve issues systematically**
