Informatics
Centre

Objectives

Better Services for CNCP & CCL

Shelter, sponsorship, foster care, adoption, Khoya-Paya, and protection services.

Real-Time Alerts & Monitoring

Stakeholder alerts support timely action through case timelines.

Individual Care Plan (ICP)

Shelter, health, education, and nutrition tailored to each child's needs.

Common Platform for 27 Categories

Orphaned, abandoned, surrendered, missing, runaway, labour, abused children, and more.

Citizen Participation

Feedback through the web portal, app, and CHL-1098 mobile channels.

Financial & HR Monitoring

Tracks budget, performance, vacancies, and infrastructure across CCIs, SAAs, DCPUs, CWSS, and JJBs.

Empowering Stakeholders with a unified, transparent and child-centric platform
For better decision-making and impactful outcomes.

Acts & Guidelines

01

Juvenile Justice Act Amendment 2021 & Model Rules 2022

02

Supreme Court Guidelines, PMO & MHA Advisories

03

Cyber Security Guidelines / IT Act

04

SOP on Missing Children & Child Helpline 1098

05

Child Adoption Regulations 2022

06

POCSO Act 2012 & Vatsalya / Child Protection Scheme

07

Sponsorship & Foster Care Guidelines

Modules under Mission Vatsalya

01 Registration of CNCP Children

- 26 Child Categories

02 Individual Case Management

- Admission • ICP • Transfer • Close Case

03 HR Management

- Vacancy • Positioning • Sanctioned Strength

04 KhoyaPaya Module

- G2G • G2C • C2C

05 Dashboard & Notice Board

- Analytics • Notifications

06 Financial Management

- PAB • UC/SoE/Sanctions

07 Institution Management

- CCIs • DCPUs • CWC • JJB • SJPU

08 Foster Care Management

- Foster Care • Adoption

09 Adoption Module

- OAS • HAMA • Relative & Step

10 Sponsorship Care Management

- Care & Support Framework

- 10 Major Modules

- 52 Roles

- 650 Web Pages

Mission Vatsalya – Key Features

A secure, scalable and user-centric platform designed to deliver seamless experience and empower stakeholders across the child protection ecosystem.

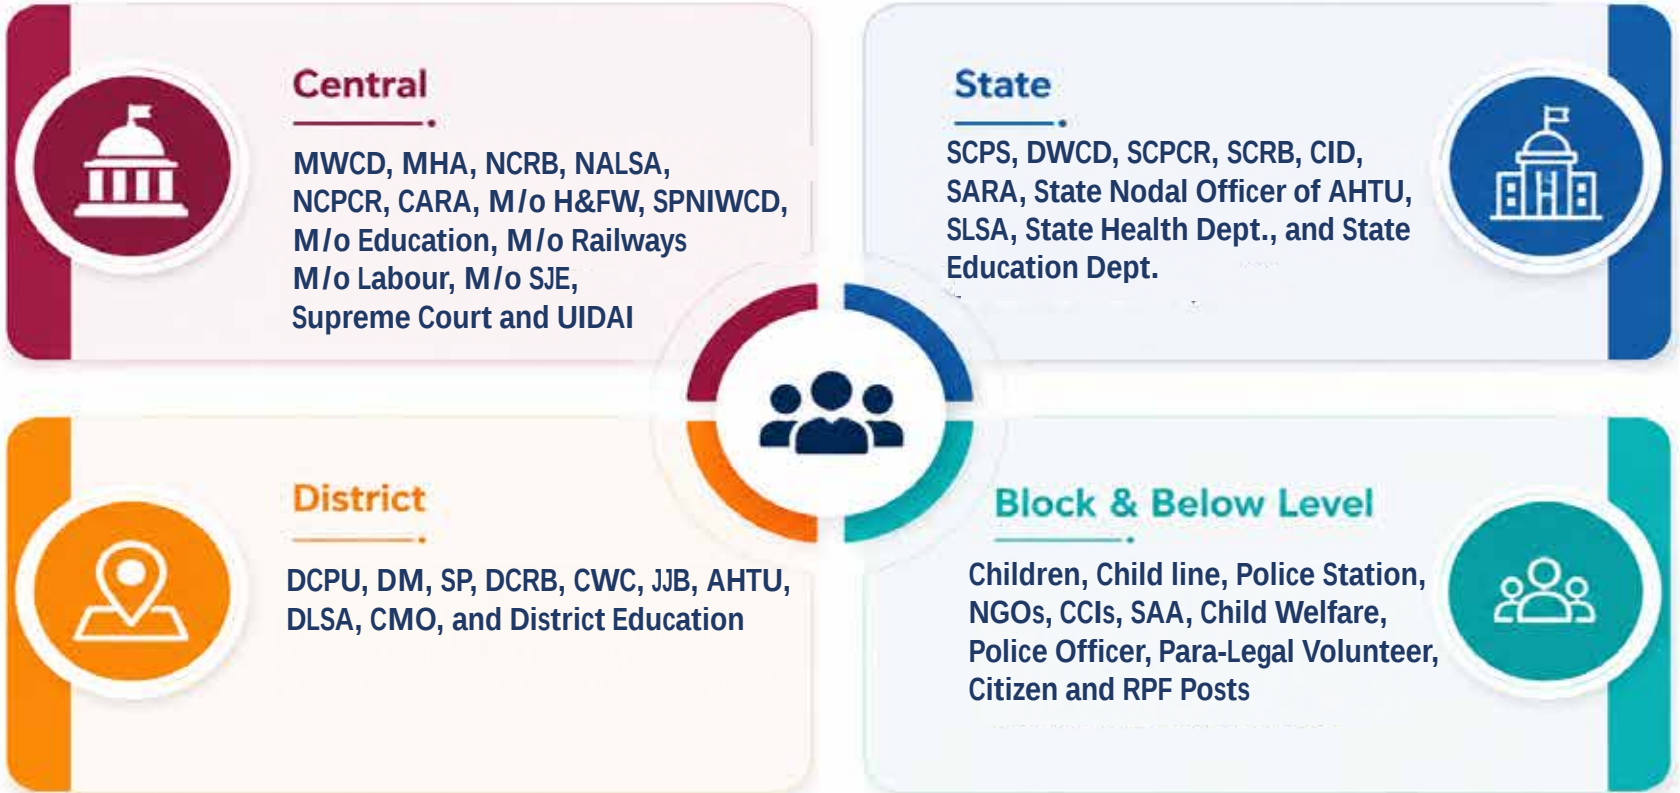

Empowering a safer tomorrow for every child

Secure. Inclusive. Transparent. Accountable.

-  26 Covid Affected
-  27 Others

Child Dashboard

The dashboard is titled "UTTAR PRADESH / VARANASI" in a yellow header. Below this, a blue bar displays the "Profile ID: 202599018LJ6521735889063" and an "Edit Child" button. The main content area is divided into two sections. On the left, a light blue panel features a black silhouette icon and a list of child details: Name: Test, Guardian's Name: Test Father Name, Date of Birth / Age: 04/02/2016, Gender: Male, Current Age: 9 year 3 month 12 day, Complexion:, Type: CNCP, and Currently Residing At: SASA - Open Shelter. Below these details are several buttons: "View Proceeding", "Add Proceeding", "Progress Checklist", "Add / View Siblings", "MER Part A", and "Update Habit". On the right, a grid of seven colored buttons with icons provides actions: "Add Order Form" (blue with a plus icon), "View Details" (red with an eye icon), "View Order" (yellow with a folder icon), "Close The Case" (purple with an 'X' icon), "Transfer" (purple with a double arrow icon), "Child Case Timeline" (green with a person icon), and "MER History" (blue with a document icon).

Each child registered under the system receives a **unique Profile ID**, consolidating all case details in one place — from basic demographics to current shelter placement.

Case Actions

Add orders, view details, close or transfer cases

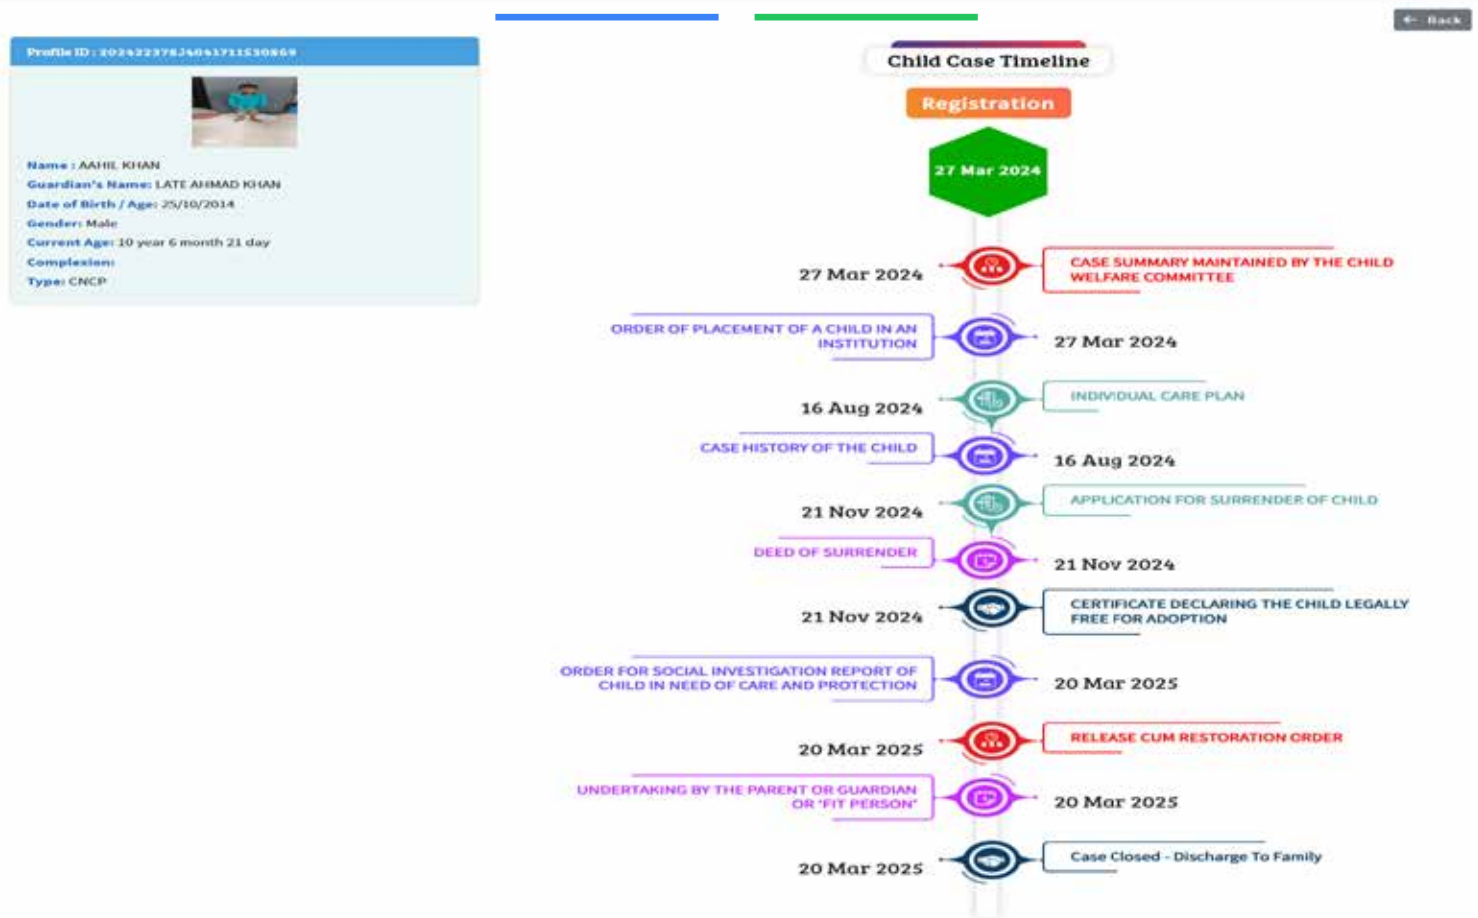

Progress Tracking

Checklists, MER, sibling records & habits

Case Timeline

Full chronological history of child's journey

Child Case Timeline

Integrations on MV Portal

1

NAPIX – API gateway

2

Aadhar Data Vault of CDAC

3

BSA Face Auth

4

CCTNS – For avoiding duplication data entries by SJPU's

5

PARICHAY – Single Sign On Feature

6

CRIS – For RPF system integration

7

DBT Bharat – Data updation at DBT Bharat Portal

8

NCPCR – GHAR Portal Migration has been done

9

PRAYAS – 2 KPI Data of CHL is being uploaded

10

SMS & Email Integration
